These are some of the websites that I have found to help my students get
information:

www.first-school.ws
http://www.fastq.com/~jbpratt/education/mypages/flannelstories.html
www.preschoolcoloringbook.com
www.youcanteach.com/storystretchers.php
www.perpetualpreschool.com
www.youcanteach.com
www.everythingpreschool.com/themes/index.htm
www.preschooleducation.com
http://www-personal.umich.edu/~pfa/dreamhouse/nursery/rhymes.html
http://www.preschoolrainbow.org/preschool-rhymes.htm

I hope that these help. Feel free to pass them on to other people.

Jalair

Dear Teachers,

     I am looking for some good preschool websites to give my students to use
as resources to begin planning their lessons for next year. Will you please
send any good ones you know about? I'm specifically looking for websites
where they can find visuals, file folder games, puppets, etc. that they can
print off and create to place in their file box. Please send me the good
websites you know of.

Thanks so much!
